# Earth Day Celebration 2018

Sunday, April 22nd • 1:00-5:00 pm

Prairie Oak Nature Center • Ironwoods Park  
14701 Mission Road

We will have family friendly activities with an emphasis on the "Four R's - Reducing, Reusing, Recycling, and Rotting".

The Prairie Oak Nature Center is committed to educating all visitors about our environment and will continue to be a resource for the citizens of Leawood.

Citywide  
**recirculation**  
**SATURDAY**

**September 15, 2018**

**LET IT GO.  
GIVE NEW LIFE.  
RECIRCULATE.**

You may set out items  
Saturday morning starting at 7 am.

People can pick-up any **curbside items** they want  
*(please do not take items from midway/upper driveway  
portion - if you are unsure, ask the homeowner).*

**Unpicked or leftover items must be removed  
by Monday morning by the homeowner.  
There will be no pick-up by the city.**

*The City of Leawood is not responsible for lost,  
misplaced, or stolen items taken from your property.*

**LET'S RECYCLE LEAWOOD!**

## Residential & Community Stormwater Runoff

If It's On The Ground  
It's In Our Water!

### City of Leawood Stormwater Regulations

Chapter 15 Article 3 of the City Code defines Stormwater regulations. City Ordinance 1839C Defines the preservation and Management of Stormwater runoff within the City of Leawood.

**City Ordinance states any discharge into the Storm Sewer System or Surface Waters is prohibited unless it is made up entirely of natural Stormwater**

*Only Rain Down The Drain!*

Properly dispose pet waste. Never place into a storm drain.

To report Illicit dumping into storm sewers call Leawood Public Works 913-663-9130

After hours or weekends use the following link: [www.leawood.org/public%20works/PDF/StormwaterReport.pdf](http://www.leawood.org/public%20works/PDF/StormwaterReport.pdf)

For more information call Leawood Public Works Dept. 913 663-9130

For runoff or drainage problems call Public Works Stormwater 913-696-7710

### Ways you can help Prevent Stormwater Pollution

**Never** dump anything down a Stormsewer, they drain as untreated water to the nearest pond, stream or river.

Clean up spills immediately to prevent pollution from entering a storm drain. Use dry materials to soak up liquids. Sweep up dry materials. **Never** wash spills into the street with a hose.

Store & dispose of all household chemicals and products according to the manufacturers recommendations.

Place garbage in a watertight leak-proof container. Check the container periodically for damage or cracks.

Recycle used oils and grease, **Never** dump them onto the ground or in a stormsewer. One quart of oil will contaminate 250,000 gallons of water or about 2 acres of surface water.

Apply lawn chemicals at the **Minimum** application rate so as to avoid runoff from polluting nearby ponds & streams.

**Never** blow lawn clippings or leaves into the street or leave them on impervious areas. Pick up and dispose of yard waste properly.

Wash cars on grass or in a commercial car wash. Wash water is very harmful to aquatic life.

Questions? Contact the Public Works Department we will be glad to assist you.
