# Special Use Permit Procedure for a Wireless Communication Facility

## Rezoning/SUP

A Special Use Permit (SUP) application for a Wireless Communication Facility and fee must be submitted to the Planning and Development Department by the application deadline. The application shall include the signatures of all owners of properties that are part of the subject development or provide proof of ownership of all owners through the completion of the ownership affidavit. All zoning districts within the City of Leawood are planned districts which require preliminary plan approval and the filing of a development plan with a rezoning or Special Use Permit, please refer to the City's application guidelines relating to preliminary and final site plans for additional application requirements.

Upon application for a Wireless SUP, the applicant is required to notify by certified mail, all property owners within 200' of the property line at least 20 days prior to the public hearing, not including the day of the meeting (Section 16-5-3 Notice and Public Hearing Requirements). The notification needs to include what action is taking place, the location of the project, the location of the public hearing, the time and date of the public hearing, as well as any other pertinent information, including the proposed number of lots, building square footage and building height, if applicable. The returned green slips need to be submitted to the Planning and Development Department prior to the public hearing. Prior to sending notification of the public hearing, a draft of the letter shall be submitted to Planning Staff for review and approval.

Notice of Wireless SUP hearing shall be published at least once in the official city newspaper at least 20 days prior to the date of the hearing. The applicant must submit the legal description on a computer disk. The City is responsible for the publication. The applicant will be responsible for the publication cost.

Immediately following application for a rezoning or SUP, the applicant must have an Interact Meeting. Under the Interact Program, the applicant, prior to the scheduling of a public hearing and in addition to the formal notice required in Section 16-5-3 for that public hearing, shall send courtesy notification via regular U.S. mail to the owners of record of property within 1,000 feet of the proposed Wireless Communication Facilities and/or Antennae and the president(s) of any adjacent and/or nearby homes association(s), even if beyond 1,000 feet. The City shall also notify, if possible, the president(s) of adjacent and/or nearby homes association(s).

The applicant shall reimburse the City for all notification fees. This notice is to provide an opportunity for neighbors in the general proximity to the proposed development to meet and confer with the applicant and attempt to resolve issues that may impact them. Prior to sending notification of the Interact meeting, a draft of the letter shall be submitted to Planning Staff for review and approval.

The applicant shall file an attendance list along with a written summary of the general content and comments generated at the Interact meeting outlining concerns or issues raised by all parties, with an indication of issues that remain unresolved. The summary will provide a basis for City staff consideration and will become part of the written staff report to the Planning Commission and Governing Body. Failure to meet any of the above requirements may delay an application from initial consideration by the Planning Commission, ultimately delaying the entire review process.

In addition to the notice of the public hearing within 200' of the property, the Interact notice within 1,000' of the property and the public notice in an official city newspaper, the applicant requesting a Wireless SUP will erect and maintain on the land being considered for SUP a "Rezoning/SUP Pending" sign, furnished by the City. This sign must be posted a minimum of 20 days prior to the public hearing in front of the Planning Commission, not to include the day of the meeting. On the day of the hearing the applicant will file a notarized affidavit stating that the sign was erected and maintained on the site until the date of the hearing.

After the Staff has reviewed the submission and made their recommendations, the Planning Commission will consider the SUP. A written report and meeting agenda will be sent to the applicant prior to the meeting. This report is the same report that the Planning Commissioners receive. At the Planning Commission hearing a representative should be in attendance to present the proposed development. The Planning Commission then makes a recommendation to the Governing Body. The Planning Commission will take action by either making a recommendation of approval, recommendation of denial or continuing the application for final action at a later date.

The staff will forward the Planning Commission recommendation to the Governing Body. The Governing Body will take action either approving or disapproving the recommendation of the Planning Commission. The Governing Body may continue its action on the application for final action at a later date. The Governing Body may also remand the application back to the Planning Commission for reconsideration. A representative must be present at the time of hearing.

### **Summary**

The applicant is responsible for meeting all applicable City, County, State and Federal codes in their submission. Incomplete submissions shall be rejected. It is the applicant's responsibility to ensure that all of the required documents have been submitted to staff.

***Informing  
Neighborhoods  
Through  
Early  
Response  
About  
Community  
Transformation***

**PURPOSE:**

Citizen participation in the planning process is vital to its success. Maintenance of property values and protection of the quality of life that Leawood has long been known for is a common goal for both City Staff and Community residents.

INTERACT, Leawood's Citizen Participation Program, has been developed to both inform and involve neighboring residents with proposed development as it occurs. By identifying neighborhood concerns prior to the Public Hearing process, the INTERACT program specifically seeks to:

- Ensure that both developers and citizens have ample opportunity early in the planning process to interface with one another and discuss neighborhood issues and perceived impact.
- Open a dialogue between the applicant and affected neighborhoods to establish an early line of communication.
- Facilitate the opportunity for citizens to learn about applications that may affect them and to encourage a forum for cooperative "damage control" at an early stage in the development review process.
- Improve communication between the development community, citizens, and Leawood City Government.
- Provide a process for sharing information that the City Planning Staff can consider in their application review process.

**PROCESS:**

1. Applicants seeking rezoning, preliminary or revised preliminary development plan approval, preliminary plat approval, or

- conditional/special use permit approval shall first request a pre-application meeting with City Planning staff.
2. The applicant is then informed of the Citizen Participation Program.
  3. The applicant is required to send courtesy notification to residents within 500 feet of the proposed development and president(s) of adjacent and/or nearby homes associations(s) and submit proof of such notice to City Planning Staff either upon the filing of an application or within ten (10) days thereafter.
  4. This notice is to provide an opportunity for neighbors in the general proximity to the proposed development to meet and confer with the applicant and attempt to resolve issues that may impact them.
  5. The meeting shall be held within the City limits of Leawood.
  6. The applicant shall file a written summary of the general content and comments generated at the contact meeting outlining concerns or issues raised by all parties, with an indication of issues that remain unresolved.
  7. The summary will provide a basis for City Staff consideration and will become part of the written staff report to the Plan Commission and Governing Body.

**FAILURE TO MEET ANY OF THE ABOVE REQUIREMENTS MAY DELAY AN APPLICATION FROM INITIAL CONSIDERATION BY THE PLAN COMMISSION, ULTIMATELY DELAYING THE ENTIRE REVIEW PROCESS.**

Planning and Development staff members are available to both residents and the development community to answer questions about pending issues. We encourage interested parties to contact City Hall between the hours of 8:00 A.M. and 5:00 P.M. Monday through Friday.
